Nifty Fifty United States

Large Research Poster Free Gift

Thank you for your interest in my Nifty Fifty United States research poster. I love creating research posters on different topics that you can print large-scale for an amazing hallway display!

The poster included in this free newsletter subscription gift can be used by your students to show their knowledge of a specific state in the United States. My research poster line is ideal for students in grades 2 through 5, but can be adapted as needed for your students.

It is best to print the poster using the printing directions on the next page and do the poster assembly as a whole group. Some students will need more assistance than others with putting their poster together.

There are many great websites online for your students to find facts about their chosen or assigned state. A few I highly recommend are www.statesymbols.org and www.ducksters.com/geography/usgeography.php (these websites were current at the time this product was created, but you will always want to check that the sites still work before beginning your project).

If you like this project, you may love many of my other research poster sets available in my Teachers Pay Teachers Store. You may also find my State Study individual state products a valuable tool to help your students learn about state facts. These guided or independent research booklets are a fun way to learn about one specific state.

Teaching social studies and history is a passion of mine and I love to share that passion with my students. You will find that I have many resources in my store geared towards social studies topics for 2nd through 5th grade.

Also if you follow my store, [Smart 2 Heart Creations](https://www.teacherspayteachers.com/Store/Smart2HeartCreations), stay a subscriber to my newsletter or follow me on [Facebook](https://www.facebook.com/Smart2HeartCreations), you will get notified of all my new releases and have a chance to grab them at 50% off for the first 24 hours!

Directions for Printing and Using Poster Sized Pages

This file was designed to be printed as a 20 x 15 poster on a regular printer. However, if you follow the directions listed, you can also print as a regular 8 ½ x 11 page.

To Print as a 20 x 15 Poster (4 letter sized pieces of paper):

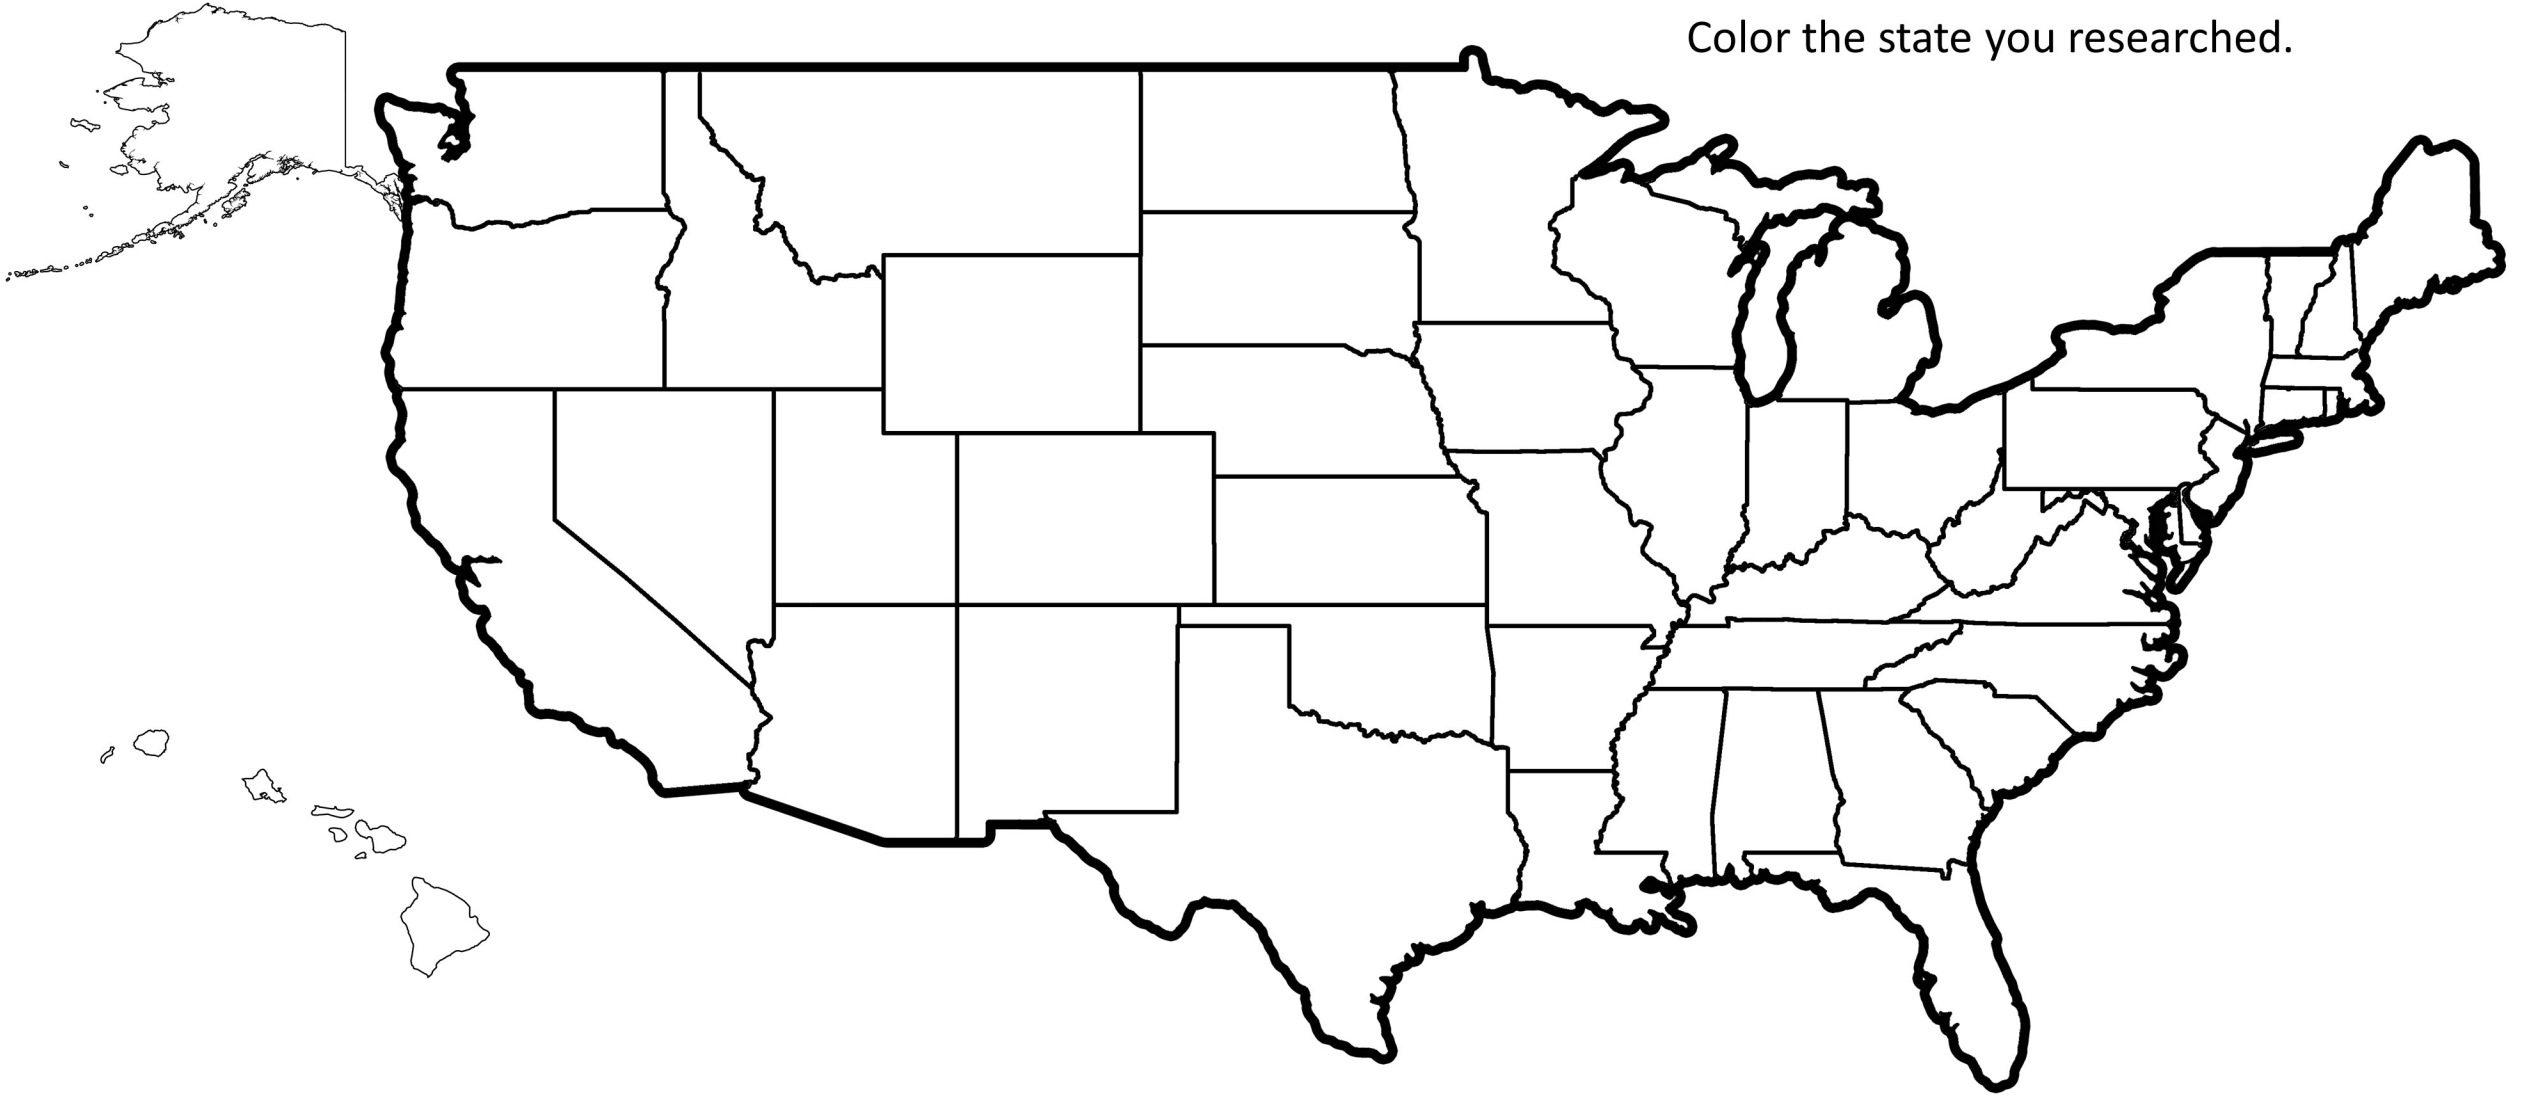

1. In the PDF File, click on FILE -- PRINT.
2. First choose the pages you want to print. The Blank Saint poster is found on page 4. The individual saint posters are in alphabetical order after page 4. (See the full list included in the teacher file PDF)
3. Under Page Size and Handling – Choose Poster
4. These pages have already been scaled for you so they should automatically appear across 4 regular letter size pages. (See Image below)
5. Once your pages have printed – you will need to trim off the extra white on ONE of the two pages that will match up. It is best to leave the other white edge so you can attach the pages together. For example, when attaching page 1 and 2, you can trim off the extra white on the edge of page two that lines up with page 1, then glue or tape the pages together.

To Print letter sized, simply select the size option button. Then select either 'shrink oversized pages' or 'fit' and you can print a standard letter size page instead of the poster.
